Intel® DPDK: Data Plane Development Kit

- Home
- Download
- Documentation
- Development
- Mailing Lists
- Events
- News
- About

Next Steps:

- Community conf. call.
- Publish release dates 12 months in advance.
- Publish target features for next release in advance.
- Open source test framework and test cases
- Open source documentation

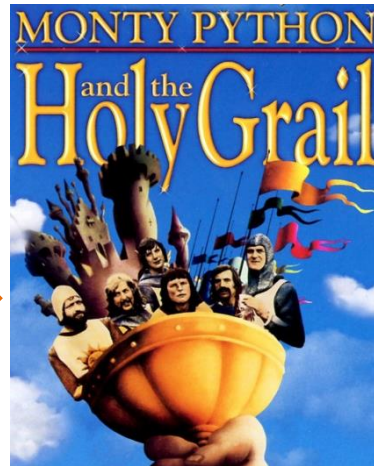

DPDK 1.2.3 made publically available on intel.com/go/dpdk.

DPDK 1.7 - first full open source release via a single git repo on dpdk.org.

First DPDK Summit

DPDK Summit 2014

Date: September 8, 2014
Time: 8am - 5:30pm
Location: San Francisco Marriott Marquis
780 Mission Street
San Francisco - CA 94103

A strong, diverse DPDK community

Next Steps

- Provide honest feedback on the summit:
 - What went well?
 - What could be improved upon?
 - Your suggestions for timing, duration, location and contents of future events
 - Would you be interested in presenting?
- Increased community contributions to dpdk.org:
 - Subscribe to the mailing list if you haven't already done so.
 - Participate in the community conference calls.
 - Submit patches and contribute to discussions. If there's anything you're willing to contribute to the community, it would benefit everybody and help to make DPDK stronger.
